

# COOL INTERNSHIP OF THE WEEK

---

## EIA 2010 Summer Internship Program

*Energy Information Administration  
Department of Energy*

The U.S. Energy Information Administration (EIA), the Nation's premier source of independent energy information, invites qualified students, both undergraduate and graduate, to apply for a summer internship at our headquarters in Washington, D.C. In addition to gaining valuable quality work experience, EIA summer interns will have the opportunity to meet with senior-level EIA officials and congressional staff, as well as participate in several networking activities (including off-site field trips) that will greatly enhance their understanding of the energy industry.

---

### **In your position as an EIA Summer Intern you will:**

- Assist with data analysis and forecasting.
- Develop and design modeling systems, surveys or reports.
- Research trends and issues in domestic and international energy markets.
- Participate in Web site content development.

### **Requirements:**

- You must be a United States citizen.
- You must be enrolled and have good standing in an accredited four-year college or university.
- You must be a rising sophomore, junior, senior or graduate student.

**Salary:** 5,200.00 – 9,500.00 USD for 10-week program

**Location:** Washington, D.C.

**Closing Date:** February 26, 2010

**Contact Information:** EIA Recruitment Team
